From 9:00 A. M. to 5 P. M. Sundays from 9 to 10 A. M.

## FREE COURSE BY MAIL WITH THE CAPITAL CITY COMMERCIAL COLLEGE

### —TO ADVERTISE—

## OUR COLLEGE

We will give a thorough course of instruction in Double and Single Entry Book-keeping and Commercial Arithmetic by mail FREE OF CHARGE to a limited number of persons. This course will be completed in forty lessons. No charge for Diplomas.

Our method of instruction by mail is far superior to that of any other school in the West. Hundreds of testimonials of our patrons, testifying to this fact, are on file in our office. The phenomenal success attained in this department prompts us to widely advertise our work, and to make it a special feature of our school.

The Instructions and Exercises are conducted by mail practically in the same manner as those in our College Rooms which makes them equal with personal instructions, and lead the student to a full and clear understanding of the science of accounts.

Our Mail Department is under the personal supervision of an able instructor, under whose guidance the highest degree of competency may be attained by correspondence.

We offer the above-named course free to introduce our work in your community. Avail yourself of this offer at once, and show the superiority of our work to your friends.

Capital City Commercial College,  
929 Kansas Ave., Topeka, Kan.  
Jan 7 dlv

## RANCH TO RENT.

SITUATED IN SOUTH RUBY VALLEY, Elko county, Nevada, at the base of the Ruby Mountains, CONTAINS 1,400 ACRES OF GOOD LAND, 500 acres of which is fine meadow, the balance fine grain and pasture land. One thousand acres under wire fence. AN ABUNDANCE OF WATERS. It will be leased from three to five years. There is a good outside stock range, comfortable brick house, also a stone dwelling house, granary and barn, with other out-houses. School, postoffice, store and flour mill close by. Terms easy.

JOHN S. MAYRUGH, Elko, Nevada.  
On or before March 1st, 1895.

## TO WHOM IT MAY CONCERN.

UNITED STATES LAND OFFICE,  
CANNON CITY, Nev., March 23, 1895.

NOTICE IS HEREBY GIVEN THAT ON the 23rd day of March, 1895, the following township plats will be filed:

Township No. 33 N. R. 43 E.

Township No. 34 N. R. 43 E.

Township No. 35 N. R. 43 E.

Township No. 36 N. R. 43 E.

Township No. 37 N. R. 43 E.

Township No. 38 N. R. 43 E.

Township No. 39 N. R. 43 E.

Township No. 40 N. R. 43 E.

Parties interested must file their claims within three months from said date, to secure their preferred rights.

Application for entry of lands in said townships will be received April 2, 1895.

O. N. GALLUP, Register.

## ORDER TO SHOW CAUSE.

IN THE DISTRICT COURT OF THE State of Nevada, Second Judicial District, Washoe County, In the matter of the estate of William Merrill, deceased. H. H. Beck, administrator of the estate of William Merrill, deceased, having presented and filed in this Court a petition praying for an order to sell real estate, and it appearing to the Court from such petition that it is necessary to sell the whole of the real estate belonging to said estate to pay the debts outstanding against said deceased and the expenses and charges of administration. It is therefore ordered by the Judge of said Court that all persons interested in the said estate appear before this Court on

Saturday, the 21st day of April, 1895, at 10 o'clock A. M. in the Court room of said Court, at Reno, Nevada, and show cause, if any they have, why an order should not be granted to said administrator to sell as much of said real estate as may be necessary. That a copy of this order be published in at least four successive weeks in the DAILY NEVADA STATE JOURNAL, a newspaper published and published at Reno, Nevada.

Dated March 25th, 1895.

F. B. PORTER, Clerk.  
By S. T. FOWLER, Deputy.

## SPEED ON RAILWAYS.

THE FLIERS ON AMERICAN, GERMAN AND ENGLISH LINES.

Curves and Grade Crossings the Great Drawbacks in This Country—Limited Trains Do Not Pay Expenses, but They Benefit the Service in Other Ways.

The writer branched the subject of fast trains recently to one of the shrewdest civil engineers employed on one of the roads entering Washington. This employee has made railroad engineering a life study, has inspected the railroads of Europe and speaks by the card. He said:

"If our railroads could spare the money to elevate their tracks in cities and at crossings, to say nothing of completing the work of straightening out curves, now going on, I, for one, will predict that we can make an average of 50 miles an hour between New York and Chicago. I say this with the Allegheny mountains almost staring me in the face. We might lose time going up that rugged, but engineers, as a rule, like to coast, and wouldn't they slide down the other side with a roadbed minus curves and grade crossings! In the matter of cost in making improvements, few people are aware of the expense attached thereto. In round numbers our road 'blew in' fully \$5,000,000 in the latter part of 1893 and the beginning of 1894. That was before the financial depression set in. We are now resting on our oars. We cut one curve over a mile long, and the work cost us fully \$500,000. Other roads have been doing likewise, and with the return of a prosperous period we will surprise the world, and especially the English, with the average speed our trains will attain.

"Many people will be surprised to learn that Germany and not this country or England furnishes the fastest train in the world. The United States comes second and England third. The German train runs from Berlin to Hamburg, a distance of 173 miles, in 204 minutes, an average outside speed—that is, not counting stops, of over 52 miles an hour. The Empire State express on the New York Central road runs from New York to Buffalo, a distance of 440 miles, in 520 minutes, and its outside speed average is nearly 51 miles an hour. The fastest English train, that comes third on the list, is called the 'west coast flier' and runs from London to Edinburgh, a distance of 400 miles, at an average outside speed of 50 miles an hour.

"The farther we go west the slower the train service becomes, a thing not looked for on account of the miles and miles of track traversing prairie land. The Burlington road's best train averages about 30 miles an hour. The one Milwaukee road, the limited, can only reach an average of 34 miles an hour. The Denver limited, on the North-western road, has to hustle to score an average gait of 20 miles an hour.

"Very few of the fast limited trains in this country pay for the expense of running them, and it is an open secret that the limited between this city and New York, the limited between New York and Chicago and the Empire State express between New York and Buffalo and the Chicago limited on the New York Central road cost their respective roads a good deal more than they bring in, but they are great advertisers for their respective roads.

"The advantages of fast train service on well built and well equipped railroads are not confined to the carrying of passengers swiftly from one point to another. They are felt all through the operating department of a road and exercise an important disciplinary influence. The running of such extraordinary fast trains as the Congressional limited and the Empire State express has had a wonderful effect in increasing the vigilance and efficiency of all the trainhands. The schedules on which such trains are run require the most arbitrary enforcement, and they consequently keep the men all along the line traversed constantly on the alert. Each man is made to feel his full share of the burden of responsibility, and the never ceasing admonition to 'watch for the flier' reduces to a minimum personal inclinations to be slack or negligent. The telegraph operators have a suspension of 30 days staring them in the face for the slightest delay to the limited, and similar penalties are imposed on other employees.

"Besides this stimulus to duty the fast train service is an incentive to the men to arrive for promotion. Conductors, engineers, firemen and other hands on the limited get more pay than do the men employed on the trains of substandard grade. That the 'flier,' in its generic sense, is actually an improving influence in railroad engineering is evidenced by the remarkable careers of the Congressional, the Royal Blue and the Empire State express. These are the fastest trains in this country and have been running several years back, and with one unimportant exception, have met with no mishap. These trains pass through year after year without a single mishap, and I believe it is all from the discipline put upon the employees by the 'flier' service. The men take a pride in the fast trains."—Washington Star.

## Children Cry for Fisher's Castoria.

**VIGOR OF MEN**  
Easily, Quickly, Permanently Restored.

Weakness, Nervousness, Debility, and all the train of evils from excess of the sexual system, the result of overwork, excessive worry, etc. Full strength, vigor, and tone given to the system by the use of the body. Failure impossible. 1000 references. Book, explanation and goods mailed (sealed free).

ERIE MEDICAL CO., Buffalo, N. Y.

## A Startling Admission.

In New York City, for five consecutive years, the proportion of Deaths from Consumption has been three in every Twenty Persons.

Epidemics of Cholera, Yellow Fever and other diseases of similar character, so terrible in their results, occasion wide spread alarm and receive the most careful consideration for their prevention and cure, while consumption receives scarcely a thought in their results. The number of their victims sinks into insignificance when compared with those of consumption. Comparatively few people know what to do for their loved ones when they see them gradually lose strength, lose color, manifest feeble vitality and emaciation, or develop a cough, with difficulty breathing, or hemorrhage. God has given us for a long time given in all such cases, but the poor success attending its use coupled with its nauseating taste has led many practitioners, as well as the public at large, to place their main reliance in Dr. Pierce's Golden Medical Discovery. It deserves early attention and will prove effectual in every case. The percentage of cases, and we believe that fully 95 per cent. of all cases of consumption can be taken in the early stages of the disease, be cured with the "Discovery." Dr. Pierce does not ask people to believe until they have investigated for themselves. A pamphlet has been published having the names, addresses and photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies which will be mailed free to those sending for it with their name and address upon a postal card, or you can have a medical treatise, in book form of 160 pages, mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experiences.

Address for Book, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

P. BARNES & CO.,

THURSDAY, APRIL 4, 1895.

THE MONROE DOCTRINE.

In consequence of the attitude of Great Britain toward Honduras and other Central American States, much is being said about the Monroe doctrine. It was promulgated in 1823 by President Monroe, who in a message to Congress said:

"We owe it, therefore, to candor and to the amicable relations existing between the United States and the allied powers to declare that we should consider any attempt on their part to extend their system to any point on this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European power we have not interfered and shall not interfere; but with the governments who have declared their independence and maintained it and whose independence we have on great consideration and just principles acknowledged, we could not view any interposition for the purpose of oppressing them or controlling in any other manner their destiny by any European power in any other light than as the manifestation of an unfriendly disposition towards the United States."

Since 1823 the United States has adhered to the Monroe doctrine through, in one instance at least, the Government did not resort to force to maintain it. That instance was in 1864 when Maximilian, Archduke of Austria, at the instance of Napoleon III, accepted the crown of Mexico. Then there was a reasonable excuse for not enforcing the Monroe doctrine. The country was engaged in a fratricidal struggle, and the Government could not send an army into Mexico to assist in maintaining its independence. Now the case is different. The Government is in a position to resent the attempt of any European power to oppress or control any State on the American continent whose independence has been acknowledged by the United States.

EASTERN ELECTIONS.

Elections for municipal officers have been held this week in several States. There was also an election in Michigan for a Justice of the Supreme Court and to fill a vacancy in the Third Congressional District. The Republicans elected the Supreme Judge, and also the Congressman, though majorities are not as large as they were last November. Julius Caesar Burrows, who was recognized as one of the leaders of the Republicans, in the House of Representatives, was defeated in the Convention, and he is to be succeeded by Ex-Lieutenant Governor Milnes. In Cleveland and Cincinnati, Ohio, the Republicans elected their candidates for Mayor, while in Toledo, the Democratic candidate for Mayor was elected though the Republicans carried the City last Fall, by 2,364 majority.

In Chicago the Republicans elected the Mayor and a majority of the Aldermen, and they also elected Prince to Congress, in the Tenth District. At Helena, Montana, Dr. Steele, Democrat, was elected Mayor, defeating the Republicans and Populists, each of whom had a candidate in the field.

At Springfield, Missouri, the Democrats elected the Mayor by an increased majority. There was nothing in the Elections except in two Congressional Districts, one in Illinois and the other in Michigan, to indicate the drift of public opinion, and both districts have for years been Republican.

THE ORPHANS' HOME.

The gold press of Nevada is endeavoring to make it appear that changing the Superintendent of the Orphans' Home is one of the greatest outrages that ever was perpetrated. The Enterprise, whose editor is said to have been recently imported to teach the people of Nevada that the way to remonetize silver is to support parties that are committed to the gold standard, and the editor of the Carson Tribune, who has not been in the State a year, are very much exercised over the change at the Home, though it is probable that neither of them ever visited the place or expended a nickel in purchasing candy for its inmates. They do not seem to know that changes have been made at the Home, almost every time there has been a change of administration, since it was founded. The fact that children are being constantly sent to the Home and are taken from the Home whenever other homes can be found for them, never enters their minds, nor does it occur to them that the new Superintendent may be as kind to the children as any foster-father that has ever been at the Home. They attempt to create a prejudice against the new Superintendent, who is a man whose character is above reproach, before he is given a trial, and failing in that will take no further interest in the Home or its inmates.

COINAGE LAST MONTH.

The Director of the Mint says the coinage for the month of March consisted of \$2,866,102 in gold, \$578,676 in silver and \$70,195 in minor coins, making a total of \$3,500,973. Of the silver coined \$100,200 was in standard dollars. There was also coined \$442,000 in twenty cent pieces for Ecuador, in conformity with an Act of Congress authorizing coinage for foreign governments on payment of cost of the work. Our mints ought to be engaged in coining standard dollars for the United

States instead of making twenty-cent pieces for foreign countries. If the Treasury Department under existing laws can authorize the coining of \$100,000 in standard dollars monthly what is to prevent Mr. Carlisle, except Wall street interference, from ordering two or three millions of standard dollars coined monthly. He has the bullion in the Treasury for the purpose and mint facilities for coining it into legal tender money.

THE CHICAGO ELECTION.

Senator Morrill Wishes to be Re-Elected Again.

A FOOLISH YOUNG MAN.

Rev. Samuel E. Smith, the Author of "America," Honored.

FRUIT GROWERS' EXPRESS.

Armour & Co. Establish Refrigerator Car Service. SACRAMENTO, April 3.—Armour & Co., the Chicago meat packers, opened headquarters here for a new refrigerator car service, known as the Fruit Growers' Express. It issues a schedule showing a cut in prices for the refrigerator car from California to Eastern points of from thirty-five to ninety dollars from the rates of the old companies. The new company starts with four hundred new cars and Armour promises as many more as business requires. The Express publishes a statement to the effect that the old refrigerator companies have been paying commission houses twenty-five to forty dollars per car to ship by their lines, the grower having to pay this bonus.

CHICAGO ELECTION.

Republicans Make a Clean Sweep. CHICAGO, April 3.—Complete election returns give George B. Swift for Mayor a plurality of 41,110. The Civil Service law has been carried by a majority of over 45,000. The Republicans elect the entire city ticket and will have complete control of the City Council, which will be composed of 50 Republicans and 18 Democrats. Dr. Holmes, the People's party candidate for Mayor, received 14,000 votes, which is less than half the votes polled by the third party last Fall. In the Stock Yards district, the Democratic stronghold, the Republicans made a clean sweep. Swift's plurality is the largest ever known in a similar election.

SENATOR MORRILL.

He Wishes to be Re-elected Again. RUTLAND, Vt., April 3.—A prominent citizen of this State, who has recently been the guest of the venerable Senator Justin S. Morrill in Washington, reports him in excellent health. He also says: "It is Mr. Morrill's desire to die in harness if his constituency wish to return him to the Senate at the expiration of his present term." The Senator is eighty-two years of age, and has been thirty-four years in Congress. A somewhat spirited canvass has been in progress for several months for the succession. The semi-official announcement of Mr. Morrill's wish will modify the further contest, if it does not end it.

RAILROAD MEETING.

A Unanimous Vote for Directors. SAN FRANCISCO, April 3.—The annual meeting of the stockholders of the Southern Pacific Company was held today, at which 1,136,000 out of 1,200,000 shares were represented. Charles F. Crocker, George Crocker, C. P. Huntington, Charles C. Lathrop, N. T. Smith, T. E. Stillman, John C. Stabbs, A. N. Towne and Russell J. Wilson were unanimously elected. George Crocker, who succeeds W. H. Crocker, and C. C. Lathrop, who succeeds S. T. Gage, are the only new members of the Board.

ASKED TO RESIGN.

The President's Brother Does Not Satisfy His Flock. WATERTOWN, N. Y., April 3.—By a vote of 28 to 1 an exciting session of the congregation of the Presbyterian Church, at Chamont, this county, last evening it was decided to ask Rev. Wm. Cleveland, a brother of the President, to tender his resignation. It is reported that politics had been the disturbing element, although Mr. Cleveland took no part in politics. Cleveland will appeal to the Presbytery.

TACOMA ELECTION.

TACOMA, Wash., April 3.—At the annual municipal election held yesterday to select Councilmen in each of the eight wards, one Populist, two Independent Republicans four Republicans and one Democrat were elected. With the holdovers this makes the political complexion of the council as follows: Seven Republicans, two Independent Republicans, six Populists and one Democrat. Owing to the rain a light vote was polled. The day passed without noteworthy incident.

A Cashier Confesses.

CHICAGO, April 3.—F. W. Griffin, Assistant Cashier of the Northwestern National Bank, has confessed to defalcations amounting to \$60,000, and has been arrested.

PARENTS, DON'T WORRY!

Paine's Celery Compound Strengthens Nervous Children.

Nervous exhaustion in children is worrying a great many fathers and mothers these days. While the hurry and bustle of modern life is bringing a constantly increasing strain upon grown men and women, there certainly comes to light the startling fact of a growing tendency toward nervousness in their children. As these boys and girls, when older, will enter a life of nervous strain fully as exacting as that of today, it is no wonder that parents view with dismay these early signs of nervous weakness, and anxiously seek some means of making the young people strong and well again. The remedy is at hand in every city and town in America.

It is the remedy first prescribed by that greatest of all modern educators, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College. It is Paine's Celery Compound, which Principal Camp, of New Haven and Pres. Cook, of the National Teachers' Association, have so recently recommended. Countless parents to-day give their children Paine's Celery Compound and see them grow robust and vigorous day by day, before their eyes, till they are again restored to the perfect health that belongs to youth. Physicians everywhere advise the use of this great rest of blood purifiers and nerve food. One of the danger signals of nervous exhaustion among young people is the lack of desire for food and the capriciousness of appetite. When their overpressed nervous systems have been driven to the point of exhaustion, their faces grow pale and pinched, their spirits decline, their bodies lose perceptibly in weight and strength, they need more and more some active means of supplying the nerves and tissues with better nutrition, and the veins

with better blood. When Paine's Celery Compound is given to one of these excitable, weak-nerved, sorrowful, scrofulous young persons, the mother is often amazed at the rapidity with which it restores the strength, builds up the worn, nervous, tissues, and replaces the languor of a depleted nervous system by the elasticity of youthful health. Paine's Celery Compound makes people well—not only worn out, enfeebled men and women of mature age, but young persons whose slighter powers have been over-taxed by excitement or immoderate work without proper intervals for rest and repair.

Paine's Celery Compound has played a most important part in the lives of thousands of young people in every section of this country. Many whose nervous systems had been so stimulated as to unfit them utterly for study, it has made vigorous and strong enough to ably bear the burden of coming years. It has enabled them to grow up vigorous men and women, capable of doing the part of active, strong men and women in the world. Mr. James B. Wetzel, writing from his home in New Berlin, Penn., says: "Allow me to speak a few words in praise of Paine's Celery Compound. My younger sister, whose picture I send you, was subject to nervous attacks, and, we thought, to heart trouble. We tried numerous medicines for her ailment, but without much avail. Last winter she had a severe attack of nervous trouble with her eyes, and we gave her Paine's Celery Compound and she improved wonderfully upon it, and she has been well ever since. If these few words of unsolicited testimony can be of any benefit please use them as my unbiased and unprejudiced opinion."

A Foolish Act. BAHWAY, N. J., April 3.—George Cook, twenty years old, a well known young man of Bahway, lost his eye-sight this afternoon while gunning for muskrats on the Robinson branch of the river. He carried a flask of powder and was confident he could drop a brand into the flask and throw it into the river before it exploded. He did so and the flask exploded, destroying his eyes and burning his face badly.

Peace Negotiations Resumed. WASHINGTON, April 3.—The Japanese Legations has received official notice by cable that negotiations of the Peace Envoys has been resumed. The renewal indicates that Li Hung Chang is progressing toward recovery. When the envoys were last together the main question was as to an armistice, but now that is granted the Envoys must deal with the main question of final terms of peace.

The Wisconsin Election. MILWAUKEE, April 3.—Returns indicate that Judge Winslow of Madison is re-elected Justice of the Supreme Court, over Judge Clementson of Lancaster, the Republican nominee, by a majority of 10,000. The cities and villages generally went Republican and the country Democratic.

Wilson Takes Office. WASHINGTON, April 3.—Contrary to expectations, W. L. Wilson took the oath of office as Postmaster General today. Officially received the employees of the Department this afternoon, and his official labors end to-day.

The Strikers' Case. SAN FRANCISCO, April 3.—At 10 o'clock this forenoon the jury before whom Mayne and Cassidy are being tried in the United States District Court for conspiracy were still out and there seems to be no sign of an early agreement.

A Steamer Burned. POKESBO, O., April 3.—The Pittsburgh and Cincinnati packet Iron Queen was burned at Antiquity this morning. One chambermaid perished. The steamer was the pride of the Ohio river and was valued at \$80,000.

INFLUENZA, Or La Grippe, though occasionally epidemic, is always more or less prevalent. The best remedy for this complaint is Ayer's Cherry Pectoral. Last Spring, I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I begun taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete. It is truly a wonderful medicine. — W. H. WILLIAMS, Crook City, S. D.

AYER'S Cherry Pectoral Prompt to act, sure to cure

## Thin Children Grow Fat

on Scott's Emulsion, because fat foods make fat children. They are thin, and remain thin just in proportion to their inability to assimilate food rich in fat.

## Scott's Emulsion

of Cod Liver Oil is especially adaptable to those of weak digestion—it is partly digested already. Astonishing how quickly a thin person gains solid flesh by its use!

Most palatable as milk.

Prepared by Scott & Bowne N. Y. All druggists.

## BREVITIES.

Twelve cases of butter were shipped west last evening.

C. C. Hopkins of San Francisco was in town yesterday.

Fishing poles, tackle and bait at Lange & Schmitt's.

C. L. Bliss of Carson changed cars for the west last night.

L. Gerber of Mason Valley arrived on the V. & T. last evening.

B. G. Hass of Virginia was a departure for California last night.

Thirty-five bars of bullion from Colorado passed west last night.

David Bole arrived from California yesterday and remained over.

Plumbing, tinning and pipe work neat and cheap at Lange & Schmitt's.

The train from the west arrived two and a half hours late yesterday morning.

Now is the time to take that best of all spring medicines, Ayer's Sarsaparilla.

Charles and Frank Boskowitz, the commercial travelers, were in town yesterday.

D. E. Davis of Tuscarora arrived on the west-bound last night enroute to Carson.

Garden tools, garden hose, lawn mowers and water pipe at Lange & Schmitt's.

H. Hall, formerly a clerk at the Palace Hotel, arrived from Amodeo last evening.

Hyman Fredrick has a fine organ and first-class piano to rent cheap. Call on him this week.

The *Riviera* says J. M. McCormack, the marble cutter, is at work at Austin embellishing tombstones.

There will be an Easter dinner served at the Baptist Church April 12th, to which all are invited.

P. Altuby of Tuscarora, a heavy cattle owner in eastern Nevada, was a guest at the Palace last night.

S. J. Hodgkinson has a full assortment of seeds of every description and can furnish any quantity desired.

Read the ad headed "Free Course by Mail With the Capital City Commercial College." It is a fine offer. Apply for it.

Colds, caused by sudden changes of temperature at this season of the year, make Ayer's Cherry Pectoral indispensable.

Will Craig employs only white cooks at his restaurant opposite the Nevada Bank building. The best of meals can be procured.

Parks' Tea at night moves the bowels in the morning without pain or discomfort. It is a great health and blood purifier. Sold by S. J. Hodgkinson.

If afflicted with scalp diseases, hair falling out, and premature baldness, do not use grease or alcoholic preparations, but apply Hall's Hair Renewer.

The best of coffee, and in fact the best of everything procurable in the market is served at Will Craig's restaurant on Virginia street. Sunday dinners a specialty, and family trade solicited.

As white as pearls her dainty teeth; Her ruby lips with roses vie; Her mouth quite kissable; her breath As sweet as gales from Araby. But nothing strange in this appears—For she's used SOZODONT for years.

Parks' Cough Syrup cures Coughs, Cold and Consumption. Mrs. Catherine Black of Le Roy, N. Y., says: "I took one bottle of Parks' Cough Syrup. It acted like magic. Stopped my cough and I am perfectly well now." Sold by S. J. Hodgkinson.

Step into Courtis & Co's store next to the postoffice, if you wish to paper or paint your house or varnish your buggy. Go there to get your tools and look to build your house with. The finest paints, varnishes, etc., in the market and the cheapest place to buy your goods.

I've a secret in my heart, Sweet Marie, A tale I would impart, Sweet Marie, If you would fairer be You must always use Parks' Tea The improvements you will see, Sweet Marie, Sold by S. J. Hodgkinson.

## STOCKTON THE TERMINUS.

The Valley Road the Savior of California.

## EMBRACE THE OPPORTUNITY.

A Chance to Buy Homes on the Installation Plan

F. A. Dunbar, representing D. R. Oliver, 518 Main street, Stockton, is in Reno and offers home seekers, investors or manufacturers special inducements in the coming railroad center and queen city of California.

A large addition, known as the "East Addition" to the city of Stockton has been platted. Residence and manufacturing sites have been settled upon, and already many buildings have been erected. Natural gas wells abound within the city and the facilities for manufacture and transportation are unsurpassed.

Terms of sale are fixed within the reach of all, and by the simple investment of \$10 a start can be made so that the ownership of a lot can be accomplished before the purchaser hardly realizes it.

The city of Stockton is bound to grow and will soon reach 100,000 population. The building of the Valley Railroad will enhance the value of town property, it has the advantage of an equable climate, the winters being mild and the heat of the summer being tempered by the cool salt breezes that gently waft from the Pacific and bays of San Francisco and San Pablo.

In point of health there is no place in California that excels and few equal it. Its advantages for homes as well as business are incomparable, and the fact that there were less business failures in Stockton during the great financial panic in 1893 and 1894 than any other place in California speaks volumes in the city's favor.

Its educational and social advantages are unsurpassed, and being centrally situated an hour or two brings you to the most important cities and business centers of the Coast.

Mr. Oliver, through his representative, Mr. Dunbar, offers special inducements to purchasers, and he can be consulted at the Palace Hotel, Reno, Nev.

## MULE POWER VS. STEAM POWER.

Freight Teams Running Opposition to a Railroad.

George H. Meyers, one of the leading merchants of the State, is running opposition to steam power with mule power in the carrying business. He has six-horse teams hauling merchandise along the V. & T. railroad from Reno to Carson. These teams are loaded here with flour, sugar, coal oil and general merchandise.

What is the cause of this? Have rates been put up so high on the local road that mule teams can compete in the carrying trade with the iron horse? If it is profitable to haul freight along the V. & T., thirty-two miles, to Carson, it may also be profitable to put mule competition between Reno and Sacramento. Teams have been competing regularly with the railroad between Reno and Virginia City, but the Carson opposition is something new.

## THE RISE IN SILVER.

Its Effect Apparent Already.

The price of silver is advancing. Bullion is now seven or eight cents an ounce higher than it was a few weeks ago. Various causes are assigned for the advance, but whatever the cause the effect is encouraging. Mining stock, as well as local securities, on the San Francisco Boards show signs of activity and improvement because of the advance in silver. Should the price continue to improve until silver reaches a dollar and a quarter an ounce the effect in Nevada would be marvelous. Mines and mills now idle would in a short time be in active operation and a general business revival would be inaugurated in a few months.

## SAN FRANCISCO MEAT MARKET.

The Eastern Demand for Beef Affects It.

Beef is going up with silver in San Francisco, and if silver continues to advance wheat, wool and other products will follow it. Since Eastern buyers have been purchasing fat cattle in Nevada the price has advanced about two cents per pound. This has affected the San Francisco market, and beef is higher than for some time past. The San Francisco market, however, is said to be overstocked with mutton, and buyers are taking charge of the rush to depress the market. The rush of mutton sheep to San Francisco is said by the city papers to have been caused by the demand on sheep men for money advanced.

I. O. O. F. Representatives

Trackers Lodge No. 14, I. O. O. F., at a regular meeting held last night, April 3d, elected the following Past Grand as representatives to the Grand Lodge, to convene at Wadsworth, January 18th: S. Jacobs, N. C. Hammersmith, F. C. Updike, A. Nelson, V. Sanders, A. Robinson, D. W. O'Connor and H. P. Brown.

## The Riverside Mills.

The Riverside Mills are receiving wheat from Marysville, Roseville and other points in California, and are running full blast. The business of the month is opening up under the most flattering prospects, and the season bids fair to be one of the best in the history of the Mill Company.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ABSOLUTELY PURE

## "INFATUATION."

The Smith-Lieb Company in This Play Last Night

The Smith-Lieb Company played "Infatuation" last night at the Opera House. It was too bad that the theater was not crowded to its utmost seating capacity, for those who missed the play missed a dramatic treat seldom enjoyed by a Reno audience. The Lenten season, together with the unpleasant weather, has made it a dull season for this excellent company thus far. The players, however, were not discouraged, but have tried hard to please and have succeeded beyond a doubt with those that have attended the performances.

Last night's play is especially suited to Miss Lieb and gives her an opportunity to show her wonderful powers on the stage. At times many in the audience were moved to tears, and the expressions of pleasure or agony depicted upon her face in the scene where she follows her husband to a balcony and allows him to make love to her while she pretends to be another woman is a great piece of acting. Miss Lieb received a scene and curtain call in this act, and later was called before the curtain twice.

Mr. Smith was at his best and was received with enthusiasm and called before the curtain on two occasions during the evening. He is a man of wonderful magnetism and his audience is attracted to him the moment he enters upon the stage. His acting is strong and effective, yet there is nothing harsh and no ranting. He is exceedingly pleasing and carries every part that he assumes in a most perfect manner.

The company will play at Carson and Virginia and will, if satisfactory arrangements can be made, return here next Thursday evening and play for the benefit of the University Gymnasium Fund, when "The Passing Regiment" will be put on.

## A WARRANT FOR AN EMBEZZLER.

Several Reno Merchants Scooped by a Smooth Knight of the Road.

Coffin & Larcombe received the following dispatch yesterday afternoon: "Fulton, embezzler; not authorized to collect. Get out warrant, give officers description, have them head him off at Ogden or Portland. Can't get warrant here."

[Signed]:

"HENDERSON, BROWN & CO." It seems that a man by the name of Fulton, claiming to be a drummer for Henderson, Brown & Co. of Sacramento visited Reno a few days ago and canvassed certain merchants with a view of taking orders for his house. Upon receiving an order from a merchant he would insist upon an advance being made, agreeing to pay the freight on the bill of merchandise ordered. He was quite successful in procuring orders from various merchants in the town and ingratiated himself into the confidences of several citizens of Reno. From here he went to Carson where he was quite successful, returning here in time to collect money on the goods that had been shipped on previous orders.

A day or two ago one of the tradesmen of the town forwarded a check to Henderson, Brown & Co. at Sacramento, having deducted the amount previously paid Fulton. This gave the Sacramento firm a clue and upon receipt of the letter and check, immediately wired to Coffin & Larcombe as above. Fulton was registered at the Riverside Hotel Monday under the name of Pugh and told Richard Ryland that he was going to Portland the next day. A warrant will be sworn out and if Mr. Fulton is caught he will not get out of the scrape as easily as he may have supposed.

## Miss Flora Finlayson Departs for New York.

Miss Flora Finlayson leaves for New York this morning, she having been engaged by the Lillian Russell Opera Company. This company is preparing a new comic opera in which a superb contralto voice is absolutely necessary, and Miss Flora has been especially engaged to sing this part. Her many friends in Reno wish her bon voyage and nothing would make them happier than to hear of her reaching the highest pinnacle of fame in her chosen profession.

## Viavi.

The sales last month doubled. Ladies, make a thorough investigation for yourself. Call and get a Health Book free. Viavi will not fail to cure you if you use it faithfully.

Mrs. E. E. Hunter.

Honoring the Author of "America."

Boston, April 3.—The people of Boston are engaged in presenting a fitting testimonial to Rev. Samuel E. Smith, the venerable author of the national hymn "America." A reception in Music Hall this afternoon was presided over by Governor Greenhalge. Among the speakers were ex-Governor John D. Long, Commander Thayer of the G. A. R. and Rev. Dr. Lorimer. Dr. Smith made an address telling how he happened to write the national hymn and then shook hands with scores of well wishers. The feature of the exercises was the singing of "America" by two hundred school children.

## BREVITIES.

A. Denney, one of the pioneer commercial travelers of the country, took the west bound last evening.

United States District Attorney Jones returned from San Francisco yesterday morning and continued on to Carson.

M. J. Curtis is repairing the Union Saloon which will be turned into the Armory Hall. Mr. Curtis is doing excellent work.

George Alt has a lot of fine, thoroughbred Poland-China pigs for sale at reasonable prices. These pigs are the best breed and should find ready sale.

Hon. J. F. Dennis, the attorney, arrived on the west-bound and remained over. There is some talk that Mr. Dennis will make Reno his home.

Mrs. H. A. Fogg and Mrs. I. W. Martell, mother and sister of G. H. and W. A. Fogg, after visiting relatives in Reno since December, left for their home in San Francisco last evening.

James Mayberry has been given the contract to excavate the cellar for the new building to be built on the lot west of the JOURNAL office by the Investment Company. Work will be commenced in a few days.

Thomas W. Whalley of Berkeley, the pipe organ manufacturer, arrived from Carson last evening and took the west-bound train. Mr. Whalley has been repairing some damage to the large organ in the Episcopal Church at Carson.

The Carson Tribune says over 75,000 feet of lumber was shipped to Silver Peak yesterday morning. Mr. Hazlett informed a Tribune reporter that the two mills, one of thirty stamps and the other of forty, will be combined in one of seventy stamps and a force of eighty men will be put in at once.

The Silver State says a serious collision occurred in the railroad yard in Winnemucca Monday which resulted in Fireman Hammersmith spraining his ankle and Switchman Needham having his head cut in several places and his back injured, and two engines being badly smashed. The passengers were shaken up but none of them injured.

For anything in the liquor line call on H. J. Thyes, he carries the largest stock of wines and liquors in the State and is better prepared to sell you good goods at lower prices than anybody in town. When trading with Thyes remember you get what you pay for, he will not charge you \$3.50 for \$2 whisky. Give him a trial and you will be convinced of the truth of the assertion.

Fredrick's orchestra was a feature at last night's performance, and served to make the evening pass more pleasantly. The selections were well played and greatly enjoyed. The triple tonguing cornet solo of Prof. Wm. E. Sharp was artistically rendered and appreciation was shown by the performer receiving a rousing encore. The orchestra is a great addition and should be continued at the theatre.

The rumor that Secretary Gresham will soon resign is authoritatively denied at Washington, and the country will have to put up with him a while longer. Gresham was a candidate for President in the National Convention which nominated Harrison six years ago, and the fact that he received a few hundred votes in the convention shows how small a man is liable to be nominated for President.

Virginia Lodge, I. O. O. F., elected the following named representatives to the Grand Lodge which meets at Wadsworth June 18th: M. R. Averill, O. M. Brown, M. E. Cavin, J. G. Farrington, George L. Hawks, W. H. Hancock, Joe Josephs, R. Kirkman, W. J. Locklin, C. E. Mack, M. C. Osborn, Wm. Pennington, Geo. Roy, A. B. Stoddard, William Sutherland, W. H. Trathen, J. P. Woodruff, W. H. Tully, H. J. Lynd.

Don't Tobacco Spit or Smoke Your Life Away.

Is the truthful, startling title of a book about No-To-Bac, the harmless, guaranteed tobacco habit cure that braces up nicotineized nerves, eliminates the nicotine poison, makes weak men gain strength, vigor and manhood. ## CURE FOR CRIPPLED CHILDREN

The National Surgical Institute, Pacific Branch, 319 Bush Street, San Francisco.

Successfully treats all cases of orthopedic surgery, diseases of the spine, hip and knee joints, paralysis, piles, fistula, nasal catarrh, bow legs, knock knees, all deformities and chronic diseases. Their success in treating these cases is shown by thousands of references from trustworthy people all over the country.

Persons having afflicted children or friends should convince themselves of the excellent results of the system of treatment by this Institute. One or more of these surgeons will be at the Golden Eagle Hotel, Reno, Saturday, April 6th one day to examine cases. Send for circular. References may be had to Hettie Coats, Reno; Henry Whisler, Reno; A. H. Barnes, Reno; B. F. Bobo, Reno; G. H. Cunningham, Reno, and hundreds of others.

## For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the gums, reduces inflammation and gives Tone and Energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

## Four Big Successes.

Having the needed merits to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale: Dr. King's New Discovery, for Consumption, Coughs and Colds, each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys, Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them, and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at S. J. Hodgkinson's drug store.

## The Insurance War is Interesting.

The people are reaping the benefit. Don't you want to still continue to butter your bread? If so I will sell you, for cash only, choice creamery butter at 95 cents per roll, or three rolls for \$1; creamery cheese 10 cents per pound; Gold Medal flour, \$2.20 per 100; pure cider vinegar 40 cents per gallon; hams and bacon cheap; fresh goods arriving daily at

W. P. McLAUGHLIN'S.

Now is the Time.

## A Card to the Public!

The store formerly occupied by the firm of F. Levy & Bro. is now being remodeled and renovated, and will be re-opened at an early date by Sol Levy, as successor to the old firm. In view of this, it is earnestly requested that all parties owing the old firm will settle their accounts as speedily as possible, so that the affairs of the former concern can be closed up.

Mr. Sol Levy will conduct the new store on strictly Eastern principles, including prices. Spot cash will be the rule, thus giving patrons the best advantages of purchase and a choice line of goods in every department.

The date of opening will be announced in due time, and it will be an eventful one in the history of the dry and fancy goods business of Reno.

Money in Small Business by Economical Italians.  
Few of the thoughtless passersby and chance patrons of the corner fruit stands on the city streets realize the comparatively large profits reaped by those who have their capital invested in this apparently insignificant business. To the average onlooker as he casts a careless glance at the vender of fruit and candy probably the only thought that occurs is that here is a poor unfortunate foreigner cast on our shores, who manages by this simple means to eke out a living for himself and a large family of small children. Indeed a closer inspection into the comfortable lives of these seekers for gain, involving long hours spent in continued application to work, the short remaining time passed in squelid homes or on the streets, would reveal little of the true state of affairs. There is a vast difference in the indications from outward appearances. Some of them carry an air of prosperity in neatness of dress and carelessness of air. Others seem to wish to advertise their poverty by a show of tattered garments and generally destitute appearance. But in general those appearances are deceitful. The man in rags may be really be regarded as more fortunate than his apparently prosperous brother. He is making more because it is not so much what is made in profits as what is sold, and in a small business, like that of the corner fruit dealers, this general principle is especially true. The amount of the gains possible to the astute dealers is seen from a few examples of unusual prosperity. A short time ago an Italian who had been in the business on a down town corner for ten years closed out his business to a successor, receiving from him \$2,300 for the privilege of his location. This amount he added to a fortune of \$60,000 already accumulated. In the stockyards region a similar sale was made in consideration of \$250. In the same neighborhood the death recently of a veteran in the business revealed the fact that he had been possessed of property amounting to \$17,000. Some of our large business blocks, notably on State and Halsted streets, are now owned by those who started in business in this way.—Chicago Journal.

**Sense of Taste in Insects.**  
The entomologists have detected and fully noted a singular development of the sense of taste in insects of the butterfly family. The larvae of butterflies and moths all eat foods which are not adapted to the wants and tastes of the perfect insect, and which, in some instances, is positively obnoxious to the fully developed creature. Take, for an instance, the horrid "hog nosed caterpillar," which lives on the leaves of the prickly ash and also makes life burdensome to the orange grower. Its parents are Mr. and Mrs. Papilio Cressphonites of the order Lepidoptera, family Papilionidae, and are the largest and most beautiful butterflies found in the latitude of Missouri. The full grown insect of this species will not touch the leaves of either of the trees mentioned above, but on them it deposits eggs, and when these hatch the substance of the leaves furnish the proper food for the larvae. Are we to infer from this curious habit that the female butterfly of this species remembers her early existence, and from that argues that prickly ash and orange leaves are the proper food for her young, or are we to say that "instinct" guides her to a proper selection of food for her progeny? Is it not a fact that we attribute things to "instinct" because we are ignorant—that is to say, because we do not know where "instinct" leaves off and reason begins?—St. Louis Republic.

**Critical Logic Failed.**  
The late Sherlock Holmes had a favorite dictum: "Eliminate the impossible, and what is left, however improbable, must be the truth." This was not at all in accordance with the saying of Victor Hugo: "Nothing is so imminent as the impossible. What must be always foreseen is the unforeseen." Most of us will agree, from experience, with Hugo rather than with Holmes. The impossible does happen. When "Mercy Philbrick's Choice" was published in the "No Name" series, the critics were agreed that it seemed to be written by Helen Hunt Jackson. But, as those who knew her love for flowers and acquaintance with nature also pointed out, she could not be the author, for there were several glaring mistakes in the naming and placing of the birds in the story. Yet, as was afterwards disclosed, she did write it. So all the theorizing went for nothing.—Philadelphia Press.

**Becoming Popular.**  
"The cause of equal rights in Lexington is evidently becoming popular," says The Press-Transcript. "Upon the register for those friendly to enfranchisement of women are the names of many of our most influential people, members of the bar, college professors, physicians, leading business men and scores of names of our prominent women, while a long list of names is also seen of those who approve of women voting for school trustees and making women eligible for positions on school boards. This list of names for legislative suffrage is to be sent to the next legislature to help enforce the claims of women to this school suffrage."

**In the Good Time Coming.**  
The Courteous Attendant (at the theater)—Yes, madam, this is the place to check your large hat.  
The Lady (to her escort)—Well, let's go to our seats.  
The Courteous Attendant (politely).—Nor yet, madam. Kindly pass on to the next window and check your big

**FIRE INSURANCE.**  
Important Changes in the Agencies.

The undersigned Fire Insurance Companies have discontinued their agencies with MESSRS. BENDER & FISH and they are no longer authorized to transact business for said companies.

MESSRS. SCHEELINE and OSBURN of the Bank of Nevada have been appointed Resident Agents in their stead, and the patrons of said companies will receive the most favorable consideration in the readjustment of rates.

The companies in interest will protect their policies through MESSRS. SCHEELINE and OSBURN at lower rates than any agents of other companies can possibly give.
